

## Simple Loop, Masyu

**Simple Loop rules:** Draw a non-intersecting loop through all empty cells. The loop travels horizontally or vertically through the centers of cells.

Puzzle 1 (by Scor)

Puzzle 2 (by Kaz)

**Parity:**

$$\begin{aligned} & \# \text{ gray entrances} - \# \text{ white entrances} \\ &= 2 * (\# \text{ gray cells} - \# \text{ white cells}) \end{aligned}$$

**Masyu rules:** Draw a loop through some cells, which travels through each white and black circle.

- The loop turns on ● and travels straight through the cells before and after the ●.
- The loop goes straight through ○, and turns in at least one of the cells on either side.
